PRODUCT GUARANTEE			
If, at any time and for any reason, you would like your CRN specialist to mediate with your creditor(s) on your behalf, we will do so. There is a contingency fee for a Consumer Recovery Network Specialist negotiating on your behalf. Meaning, you pay a fee only if you accept a settlement provided to you in writing by your CRN Specialist. If you do not accept a written settlement offer, you do not pay. Our Full Service fee is based on 15% of the <u>amount of the debt reduction</u> (the difference between the balances at the time of enrollment and the amount of debt reduction). A full credit of all membership fees will be applied to any resulting fees earned by Consumer Recovery Network or its affiliates. In other words, we do not double charge. Separate retainer agreement required. Initial: _____

PRODUCT/MEMBERSHIP OUTLINE:

This page is to be used in assisting you to calculate your membership enrollment cost and to provide a detailed understanding of the fees and benefits to membership.

Base Price: \$645.00 \$ _____

The basic package includes the CRN education and one month of access to your CRN specialist and will provide you with all of the essentials you will need to acquire settlements. You will not have the benefit of unlimited one on one coaching and the day to day trends with your creditors, nor full service settlement guarantee, but you do have the option of upgrading to full membership and access to its benefits within 30 days of your original purchase of a Basic Membership. The basic package price of \$645 will be credited toward any earned negotiation service should you choose to upgrade.

Number of Accounts X \$100: Please complete List of Creditors with your enrollment. \$ _____

ADD \$100.00 per Account: Must be paid at time of enrollment for full membership, or at a later date for those upgrading to full membership. A full \$100.00 refund of this per account membership fee is available if you cancel your membership at any time in the future, for any reason (not applicable if the account was settled or enrolled into a creditor sponsored liquidation program as part of overall strategy). A complete list of creditors is necessary to submit in order for meaningful assistance to be achieved. This menu pricing is offered as a way for our members to determine the value of membership as opposed to CRN using an average debt amount to set an arbitrary value which we found penalized those members who need less assistance.

TOTAL: \$ _____

Monthly Membership FEE: \$50.00

Your \$50 monthly subscription provides you with FULL access to our team of experts. Our team has over 100 years of combined experience in working with consumer financial issues. Having continual access to our coaches will greatly improve your level of success in negotiating your own settlements. One of the most important things to understand about negotiating settlements is that creditors change policies over time. A creditor who never settles below 35% may suddenly start accepting offers at 25%, or they may suddenly start using 50% as the "floor" on settlements. Full CRN Membership assures you are not settling a debt for more than was necessary, or can provide up to the minute detail that would prevent you from holding out for a better deal that will never come. We'll be there with you every step of the way as you, or your coach, settles your debt accounts one by one. While there is the additional cost for full membership, this cost is negligible compared to the benefits you receive.

Your monthly membership fee is debited on the same day of your enrollment each month or, on the last day of each month where applicable. If you would like to select a specific day of the month for this fee to be drafted, please do so on the payment page of the PRODUCT MEMBERSHIP FORM. You can change the day of the month this fee is paid, at anytime. 72 hour notice is required for the change to take effect. Your monthly membership fee is required in order to maintain full access to membership benefits as well as the CRN full service guarantee. If a lapse in payment of monthly fee occurs, your file will become inactive. You will be required to get caught up in full (all prior months where monthly fees were missed) prior to your file being activated again.

CONTINGENCY FEE/Guarantee: “If, at any time and for any reason, you would like your Consumer Recovery Network specialist to mediate with your creditor(s) on your behalf, we will. There is a contingency fee for a Consumer Recovery Network Specialist negotiating on your behalf. Meaning, you pay a fee only if you accept a settlement provided to you in writing by your CRN Specialist. If you do not accept a written settlement offer, you will not pay. Our Full Service fee is based on 15% of the savings (the difference between the balance at the time of enrollment and the settlement amount). A full credit of all membership fees will be applied to any resulting fees earned by Consumer Recovery Network or its affiliates. In other words, we do not double charge. Separate retainer agreement required”.

Further explanation and clarity may be necessary so that you are comfortable with what is being said: The first thing we wish to establish with CRN members is the fact that YOU CAN DO THIS! With the right information and understanding of how settlement works and the most current up to the day trends each of your creditors has, you really can handle your own debt! Why do we go through such effort to show you this? The math! We can show you how to do what most of our industry charges 15% (or more) of your total debt, or sometimes 30% (or higher) of savings, and do it for the cost of membership, you save thousands of dollars in fees. That savings will go to paying your creditors not us, or anyone else. You could be out of debt in half the time it would take otherwise.

We also understand that even given all of the information and coaching to do assisted debt settlement, many will choose to have their CRN specialist mediate the settlements on their behalf. Some creditors are more difficult to work with than others and some collection stages or more difficult to navigate. For this reason you may choose to settle some of your accounts and request that your Coach settle some, or you may ask us to settle them all. Our flexibility presents even greater savings in fees and a design that ultimately, leads to your success. We support this strategy and you have the option to change your decision at any time. In the event that you do wish your specialist to provide this service, we only charge 15% of savings when you see the terms in black and white on creditor/collector letterhead in front of you. You must agree to the terms and savings. Your creditor gets paid first. CRN will remain flexible with payment of contingency fees because your success is our success.

Also, CRN will apply a full credit of membership fees toward any calculated contingent fee at the time of your acceptance. So, the \$645.00 plus \$100.00 for that account as well as any monthly \$50.00 fees paid through to the date you accept the work we have done will be applied as an offset to the contingent fee. There is no other company in our industry that can compare itself to CRN.

When you consider the CRN program design, the costs and fees and our flexibility, we offer the most cost effective debt settlement program in the nation!

Example:

\$50,000 of debt (5 accounts x \$10,000 balance)

Membership Fees:

1. \$645 Basic Membership
2. \$500 account service fee (5 accounts x \$100 per) full membership
3. \$50/month coaching subscription (12 months x \$50 = \$600/yr) full membership
4. Total fee for 12 months = \$645 + \$500 + \$600 = \$1,745

Handle your own negotiations with our expert coaching and unlimited assistance, and that's your total fee, not a penny more! It does not matter your total debt!

Special Negotiation Service for Full Membership:

1. Only applies if we do the negotiating on your behalf.
2. Negotiation Fee = 15% of what we save you in the negotiation
3. Enrollment and membership fees are fully credited against any later earned CRN negotiation fees.
4. If we save you \$10,000 in a negotiation, our fee is \$1,500. Using the above example, you have a credit of \$1,745 from your paid to date membership fee, so there would be no fee due. The \$1,500 is deducted from the \$1,745 leaving a remaining credit of \$245 that will be used as an offset to the next earned contingency fee.

If Debt Settlement makes the most sense for you in order to get a handle on your debt once and for all, you should now recognize working with CRN is the best choice you could make in setting yourself up for SUCCESS!
